Useful information for the Company:

- FREE does not provide loans to companies involved in tobacco industry, weaponry industry or alcohol industry (except for the breweries and wineries);
- Preference will be given to well proven, simple, "out of the shelf" technologies, including but not limited to: burners and boilers, variable speed drives, condensers for power factor improvement, compressors, combined heat and power generation, cooling systems.
- FREE proposes the grace period according to the particularities of each project, considering the period needed to implement the investment project, the resulting saving and financial strength of the company.

Please specify how did you find out about FREE ?
